DPDP Project Areas

• Moving Image Digitization
• Preservation storage of moving image digital files
• archive.danceheritage.org
• Moving image records (National Union Catalog of Moving Images) and metadata
Digitization Hubs

- Hubs in New York City (VHS + MiniDV), Washington, D.C. (VHS + MiniDV), and San Francisco (VHS + Hi-8)
- Funding from NEA for 2 new hubs (equipment)
- 1 preservation technician at each hub
- The Andrew W. Mellon Foundation helps fund staff and digitization

Value of Working One-on-One

- TRUST, we are more successful working one-on-one
- Curation Issues, lack of inventory & time
- Metadata
- Cost
- Many items never be given to a repository (this doesn’t discount the importance of content)
